

# AZURE DIVING CENTER

## The Azure Diving Center goes to the bottom of Chalkidiki Sea.

Your Azure Diving experienced staff provides security in every dive and it is ready to help you and support you solve any possible problems that concern you, so you can navigate safely in the magical underwater world.

Regarding distances of the diving sites, they have been divided into five zones, so prices vary according to each zone. The dives take place throughout the region by consulting the weather forecast first.

For group divers, prices vary: call us to facilitate you the best way we can.

There is the possibility of free transportation to those living within 10 km from our diving center.
