

AZURE DIVING CENTER

CRUISE

The experienced Azure Diving staff provides security in every dive and it is ready to help and support you with any possible problem that may rise, so you can navigate the sea safely.

Due to the distance, the sites of the dives are divided into five zones, so prices vary according to each zone. The dives take place throughout the region by consulting the weather forecast first.

There is the possibility of free transportation to those living within 10 km distance from our diving center.
